BEST FILL-RATE IN THE INDUSTRY | SAME-DAY / NEXT-DAY DELIVERY

Founded in 1973, National Transmission Products (NATPRO) is a leading wholesale distributor of automatic transmission parts serving professional transmission repair outlets. For more than five decades, NATPRO has upheld its commitment to delivering "the Best for the Best" through high-quality parts, exceptional customer service and expert technical support.

NATPRO stocks a complete line of genuine OEM and industry-leading aftermarket products. Behind NATPRO's extensive inventory is an expert team with decades of experience helping shops navigate the complexities of automatic transmission repair.

Two industry veterans recently joined NATPRO, Albert Vela in Houston and Kevin Oakley in Asheboro. "We're excited to have Albert and Kevin on board," said Chadd Lester, president of NATPRO. "Investing in experienced people is a priority for us. They understand the challenges shops face and bring knowledge our customers count on."

Earlier this year, NATPRO moved its headquarters to 2850 Tanager Avenue in Commerce, California, just a few blocks from its previous building in Montebello. The new location remains conveniently accessible to customers throughout the greater Los Angeles area, with the same phone numbers and familiar contacts.

The additional space and improved layout allows for faster order processing. Better truck access and freight-loading areas also make shipping and receiving efficient.

From receiving inventory to getting customer orders out the door, the facility gives NATPRO's team more room to work and helps provide faster service.

MORE INDUSTRY VETERANS

Kevin Oakley joins NATPRO in Asheboro, NC
Industry veteran Kevin Oakley began his lifelong career in automatic transmission parts at age 20 while attending college. Since then, he has gained experience in nearly every aspect of distribution warehouse operations, from pulling orders and receiving inventory to providing customer service and technical support, before moving into sales. Outside of work, Kevin enjoys traveling with his family, exploring national parks and visiting landmarks.

Albert Vela joins NATPRO in Houston, TX
30-year veteran Adalberto "Albert" Vela has built his career and reputation around helping shops take care of customers. At NATPRO Houston, Albert brings that same level of personal service and commitment helping customers with next day delivery to San Antonio, Austin, Dallas, Corpus Christi and the Rio Grande Valley. Outside of work, Albert enjoys collecting vintage and rare 1990s sports cards, attending national sports card shows and connecting with fellow collectors.

THE BEST FOR THE BEST

MORE WAYS TO ORDER.

NATPRO's new website, launching in early 2027, will make finding parts easier with enhanced online ordering capabilities.

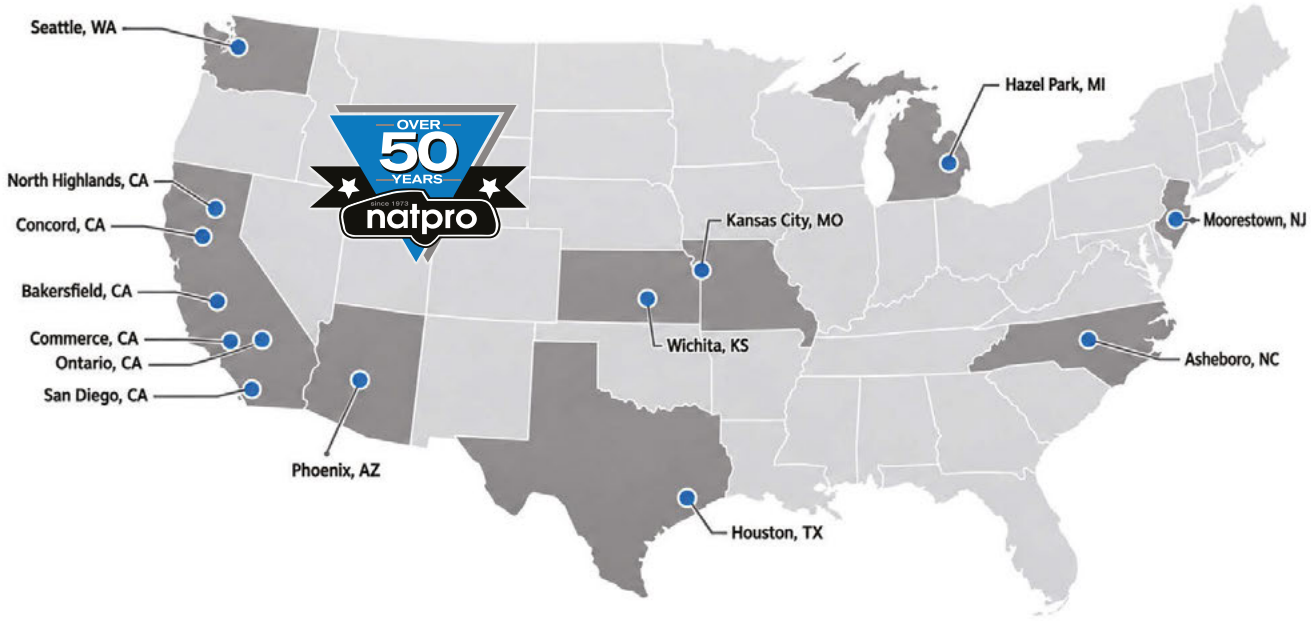

Search by part number or transmission model, or browse by brand and part type. The NATPRO Vehicle Finder offers lookup by year, make and model or VIN. Product pages include pricing, availability, application details and cross-reference numbers.

For customers who already have a parts list, Quick Order lets them paste part numbers or upload a CSV file, review pricing and add matched products to their cart. Rebuild Parts Lists help customers assemble an order for a specific transmission, with a running subtotal.

Transmission guides and a reference library put specifications and application information close at hand. When a question needs more attention, NATPRO's parts team is just a phone call away.
