

REBUILDING AN 8L90?

ONE JOB. ONE CALL.

The kit. The converter. The flash. Every part of that job comes from one supplier, on one invoice, shipped same or next day from one branch.

01

THE KIT

Master kit, frictions and steels, built to a spec we set and audit.

02

THE CONVERTER

100% functionally tested and serialized, with an industry leading 4 year / 100,000 mile warranty.

03

THE FLASH

RAP2 remote assisted programming – the TEHCM is flashed while the car stays on your lift.

ONE INVOICE · SAME OR NEXT DAY · ONE BRANCH

AND WHEN IT ISN'T WORTH REBUILDING

COMPLETE TRANSMAXX TRANSMISSIONS.

CVT and automatic, 6, 8 and 10 speed – with 3 year unlimited mileage coverage on Transmaxx Premium automatic units.

NO MATTER THE REPAIR, WE HAVE YOU COVERED.

SIMPLIFYING COMPLEX VEHICLE
REPAIR TO KEEP THE WORLD MOVING.

BUILT FOR THE TRANSMISSION BAY

WE DON'T JUST SELL THE PARTS. WE SIMPLIFY THE REPAIR.

Transtar, Recon Certified, Transmaxx and Transend Auto Tech are all NexaMotion Group. One partner for the rebuild, the reman unit and the programming – stocked across 125+ locations and shipped same or next day.

01**TRANSTAR
PRIVATE LABEL**

Kits, frictions, steels, seals and hard parts specified for the rebuild.

02**RECON CERTIFIED
CONVERTERS**

100% functionally tested, serialized, 4-year / 100,000-mile warranty.

03**TRANSMAXX
REMANUFACTURED**

Complete CVT and automatic units, TEHCMs and solenoids.

04**TRANSEND AUTO
TECH & RAP2 KIT**

Parts identification and remote module programming, without the dealer trip.

SIMPLIFYING COMPLEX VEHICLE REPAIR TO KEEP THE WORLD MOVING.

SPECIFIED BY REBUILDERS.

Transtar private label parts are built to a spec we set and audit — because we answer the warranty call, not a supplier three tiers upstream.

125+

facilities and locations
across North America

50+

years in the aftermarket

REBUILD KITS

Master, with friction, with
steels

FRICTIONS & BANDS

Modules, pressure plates,
steels

SEALING

Gaskets, O-rings, metal
clad seals

HARD PARTS

Valve bodies, drums,
pumps, cases

SPRAG ELEMENTS

Cam-type and metal-cage
assemblies

FILTERS

External, screen, cooler,
kits

FLUIDS

ATF, additives, cleaners,
solvents

COOLING

Coolers and cooling
service

EVERY CONVERTER LEAVES WITH A SERIAL NUMBER.

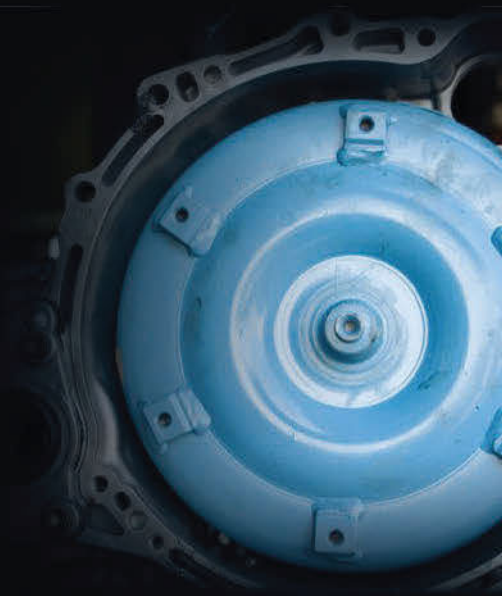

CNC qualification. Upgraded internals. OE digital weld with 10x less slag. Then 100% functional testing for leaks, run-out, end play and balance — and a QR code tying that unit to its own test record.

4 YR / 100K

Industry leading warranty on Recon
Certified torque converters

Over 800

Part numbers in stock, light-
duty to high performance

WHEN THE JOB CALLS FOR A UNIT, NOT A TEARDOWN.

Every Transmaxx unit is built start to finish as a whole unit, independent of all others. All soft parts are 100% new, and anything defective is replaced with new or OE recycled components.

IN THE TRANSMAXX LINE

COMPLETE TRANSMISSIONS

CVT and automatic – 6, 8 and 10 speed

TEHCMS

Control modules, remanufactured

SOLENOIDS

Solenoid block assemblies

HARD PARTS

Pumps, drums, planetary gear sets

2 YR / 50K

Nissan, Dodge and Jeep CVT – unit replacement and labor at no extra cost*

3 YR / UNLTD

Transmaxx Premium automatic units – replacement and labor at no extra cost

DYNO-TESTED

Meets or exceeds original equipment standards

SAME DAY

Same- or next-day from the Transtar network

*Application specific.

FIND THE PART. FLASH THE MODULE. FINISH THE JOB.

One tool finds the exact part that fits. The other programs the module once it is in. No dealer visit, no waiting on a mobile programmer, no guesswork in between.

TRANSEND AUTO.COM

PART EASE, PART SPEED

Enter a VIN, a plate or a year, make and model and it narrows to the parts that actually fit – then sorts by brand, price and availability so you can quote in one pass.

- Integrates with PartsTech and 30+ shop management systems including AMS and Mitchell1
- Track orders, manage returns and start a warranty request from your account
- Transend Rewards points on every order you place online

RAP2 KIT

REMOTE ASSISTED PROGRAMMING

A remote technician handles the programming while the vehicle stays on your lift – engine, transmission and body modules across GM, Ford, Toyota, Honda and the European makes.

- Windows tablet, J2534 device, 4G modem and 90-amp battery maintainer included
- No equipment to buy – monthly rental plus a per-vehicle flash fee
- Built and supported with Drew Technologies
